A stair-step approach.
At Spencerian, you can earn a diploma or certificate in a matter of months, then start working in your chosen field. When it’s time to advance your career, you can return to Spencerian and earn an associate degree.

Scheduling that works for you.
We know one of the main obstacles to earning a degree is time. We understand how important your time is, and that’s why we strive to offer scheduling that fits into your life.

Hands-on learning.
Our classes are designed so you receive personal attention, and we structure our programs so you get experience through many hands-on projects - not just bookwork.

Tuition lock-in.
A college education is an important investment, and there should not be any tuition surprises along the way. At Spencerian, we guarantee your tuition will not increase as long as you stay continuously enrolled.

Plus Fridays.
For many of our programs, we offer a four-day class schedule that extends Monday through Thursday. That way, you can spend Fridays studying, receiving tutoring, working, or just relaxing.

Career Services.
We know that you need your college investment to pay off with a new career. Our Career Services department is here to help you find career opportunities in your chosen field when you graduate. Plus, we offer this service to all of our graduates for life.
