**Student Activities**

Student Activities have proven to be successful with assisting students in the transition to post secondary education by providing support with the physical, emotional, and social needs of the student. The College is committed to developing students both in/out of the classroom through student organizations and clubs. The objectives of student organizations and clubs are to develop leadership abilities, as well as, communication and networking skills. Additionally, these programs provide the students with connections that assist them in overcoming barriers successfully.
